The DX Bulletin

ISSUE 131 MARCH 1, 1982

PROPAGATION: Mar 1, Disturbed; Mar 2-4, Below Normal; Mar 5-8, Low Normal; Mar 9, Below Normal; Mar 10, Low/Below Normal; Mar 11, Low Normal; Mar 12, Below Normal; Mar 13, Disturbed; Mar 14, Low/Below Normal. TNX N4XX.

Pretty bad conditions, eh? The last couple of weeks weren't anything to brag about, and it showed in the ARRL International DX CW Competition the weekend of Feb 20/21. If you didn't do so well, don't blame yourself. Our hired popgun here worked single-band 15 Meters and although he managed to stay awake it got pretty slow at times. Openings to Japan were short and only a couple of the tenwatters were worked. Central Asian USSR stations were very scarce, although VS5 and VS6 popped out of the woodwork to spice things up a little. Ten Meters was even worse, with Europeans coming into the Northeast via the Africa Path (shades of 1975!). You newcomers who think you're getting a taste of a sunspot minimum, think again. Propagation is still good compared to the era when we went five straight years without hearing a single JA on 15!

The VP2E contest operation from Anguilla managed 6375 contacts in the Competition, probably helped by the poor conditions. Some of the group is staying around for the Phone Competition next weekend, and they will continue their emphasis on 160/80/40 Meters. QSL info for their various non-contest calls is:

VP2ED via AD8J VP2EV via K8ND VP2EE via AA4NC VP2ES via K8CV VP2EAA via WØRLX VP2EU via K8MR VP2EX via WB8PVA VP2ESE via WB4QBB VP2EB via WB8DQP VP2EDX via WA8CZS

CORRECTION: QSL XF4MDX and 6J5LM to XE10X...XE10X.

ZD8JGN is John Naumann, W9CN, and he will be on until Mar 5; QSL c/b adr.

MELLISH REEF

Harry Mead, VK2BJL, confirms that he is planning on Mellish reef for May, and expects to be accompanied by DJ9ZB and EA8AK. Mellish, 600 miles east of Cairns, consists of numerous uncharted reefs and resulting strong currents. Harry says probably the only thing which could stop them would be the weather. They hope to get there the first week of May and stay for a full week, working split frequency style on all bands. The callsign will most likely be VK9ZR, which Harry has used in the past. On the way back the group will get on from Willis Island for a few days.

Harry adds that he and others are still trying to get permission for a Kermadec operation but that the authorities are not eager to allow radio amateurs to visit Kermadec.

VK2BJL handles cards direct to him only for the following: VK9ZR, VS5ZR, 1S1DX, ZM7ZR, and 5W1DI.

THE SURVEY

April is the time for our third annual Countries Needed Survey. Mellish Reef was number 28 last time, twenty-two places up from the year before. Of last year's Top Ten, the only country which has been on is Crozet (FB8WG). We are going to be very interested in seeing how far down the list Crozet drops this time around. In numbers 11-20, CEØX was on (but probably won't count), along with S9VCT Sao Tome, and Malawi was represented by 7Q7LW and will surely drop off the list completely.

The DX Bulletin (ISSN 0279-8077) is published weekly fifty times per year for \$26 per year in the U.S., Canada and Mexico; all others \$35 per year. The DX Bulletin is published at 306 Vernon Ave., Vernon, CT 06066 Second-class postage paid at Vernon, CT. POSTMASTER: Send address changes to The DX Bulletin, 306 Vernon Ave., Vernon, Connecticut 06066

Number 12 in the 1981 Survey was the Andaman Islands, and there is talk that Baruch, 4Z4TT, will operate from there this spring. We put this in the definite RUMOR category, mainly because it is still understood that India continues to have a one-year residency requirement for amateur radio licensing.

And the People's Republic of China, Number One on the Survey hit parade year after year, looks closer with the recent announcement that the government has finally approved a resumption of ham radio there. No time is stated and the operations will be schools and clubs only. Give credit to the ARRL for donating literature and to the many U.S. and Japanese hams who have been visiting China the past few years.

Bob Read, KF10, was arrested on Feb 16; according to the clerk of the Bridge-port (Conn) Superior Court, the charge was using bad checks to pay for airline tickets and a leased automobile. The arrest was made in Newington, Conn.

Many (and I do mean many) have inquired of this editor as to who might be selected by the ARRL Board of Directors as the new headquarters General Manager. The Board will be making their decision in a few weeks. Although a half-dozen candidates are officially in the running at this time, insiders believe the choice will be either current Assistant General Manager Dave Sumner, K1ZZ, a headquarters employee, or current Board President Harry Dannals, W2HD. We believe that the ARRL General Manager is the single most influential amateur in the world, so the importance of the choice is obvious.

This editor doesn't pretend to know what might be in the directors' heads at this time, but we do have a preference, and that is for Dave Sumner, K1ZZ.

Not only does K1ZZ exceed every qualification we can think of, but he has earned his chance by working his way up the staff ladder over a decade, from college-student lab technician to the Number Two spot at this time. "Promote from Within" was never more appropriate than in this case. Write your Director.

Cards for Vince Thompson's S9VCT operation last year are now coming out...his current address is PO BOX 32487, Phoenix AZ 85064. He handles his own cards for all operations, including 9Q5VT, 9U5AV, TN8VT, 7P8BZ, S79WHW (K5VT operator only) 5Z4AB, EL2FA, and 3V8VT.

FØBLZ/FC Mar 5-8, including the ARRL Competition Phone weekend, will be by Bob Borhy, I4BFY. QSL to his c/b adr.

KB6TG was hauled into Federal Court in Los angeles last week; outcome not known but he is believed to be off the air for good. Charges were malicious interference.

ZS6XD and another S. African operator will operate from Transkei, S8, April 2-16, with two rigs and tribander, working the usual DX Split frequencies. They don't have a callsign assigned yet.

T4FRC Feb 23/24 was a Cuban operation from the highest point on the island; QSL to RC of Cuba c/b adr.

K5NA will be joined by W4JVN, K2GBH, and WA2KCL for a multi-transmitter operation from the Virgin Islands; they'll stay Mar 1 14 and work all bands.

Still no word from IDXF regarding the proposed Navassa operation mid-March.

Looks like that "ZM7VU" reported by several the week of Feb 15 was a pirate, as DL1VU is now said to be signing HW1DC. Maybe we are just stupid, but we can't figure where that is, still think maybe 5W1DC. On Feb 23, Karl said his boat leaves for Tokelau and ZM7VU on March 13, and he will stay there until April 17. He wants to activate ZK1XG on the N. Cooks but is running out of money. His operations are CW only.

CONTRIBUTORS

N8BZA, KA3R, W4DFU, K2OLG, WIVV, W7YF, WB8ZRL, KP4EQF, KØCVD, KE1F, WD5AAM, W2HAZ, WBØOQV, K6IR, XEINI, KAØE, K2PK, W4VQ, KA1KD, K2UFM, K1XA, I4BFY, W2LZX, VK2BJL, W6USG, KA3CHS, KB9EE, N3CQM, N4HH, WD9NKH, K8PUJ, N8AJF, W4JVN, W3ICM, W9SC, WA4YZF, K7EG, K2UFM, K9FN, K1EM, KA2BZS, WD9ADB, AB8Y, K8FC, K6GNX, W3OO, K8EM, N5FG.

Turkey of the Month Award goes to F6EPQ, in the ARRL CW Competition, for signing F6EPQ/70 when he meant F6EPQ/70. 70 is his department (county) number in France.

A certain DL1 will be in the running for this prestigious award if he turns out to be a 5W1 instead of an HW1.
