205	232	134	111	3/7	69	12	3

NOTES

K5LZO/KP5 showed from Desecheo as promised, good signals on all bands. The Christmas Island operation (VK9XB/XG) has been moved back to the end of March, to coincide with the CQ WPX Contest (see Calendar). DJ6QT operating 5V8WS Togo was a nice surprise, especially on 160 Meters. That British ship "Discovery" seemed like a very long shot to operate from S. Georgia but, sure enough, they showed right on schedule last week. K3UOC is on another Caribbean island-hopping tour next month (see Calendar).

K1MM/SV5 made 2500 contacts a couple of weeks ago, including over 800 on 160 Meters (their main goal). Of those 800, about 250 were with North America, as far west as W0 and TG9NX. They worked 60 countries on Top Band, including scores of Russians, VS6DO, and even TA1MX! QSLs to K1MM.

DA2ER reports African 10-Meter beacons coming through with decent signals; look for this North-South propagation on 10 to disappear soon and not return until fall. Bob says his CQs often seem to raise FH4AA, who runs from 10 to 60 watts but has trouble keeping his antennas up during the storm season there on Mayotte. D68WB is looking for mattresses for a recovery room there at his hospital (he's a volunteer surgeon and works for the government). BY4AA seems to be a regular in Europe around 0800Z on 20 SSB, 14.190 or so.

When the No. Calif. DX Foundation's 20 Meter Beacon system came on several years ago, interest in them was only moderate, at best. But now...take a listen to 14.100 for the CW beacons: NCDXF is happy to have your reports, and forms for that purpose are available from Al Loetze, W6RQ.

REMEMBER THE TDXB "Sticker Bank?" We are in need of transparent DXCC stickers 300, 305, 310, 315, 320, and 325. If you have spares, please send them here so we can fill requests. No ARRL Honor Roll plaque orders have been shipped yet...the delay is in having the brass plate engraved with your call sign. Honor Roll stickers for your DXCC certificate will be available for the asking soon, but not yet.

LATEST PRESS SERVICE reports from Cambodia are that the Vietnamese may soon start losing ground; we hope this results in reactivation of XU1SS. 20 Meter propagation should peak from Southeast Asia to North America around the first week of May.

CE0AA San Felix QSLs are just starting to dribble in...we have heard from several people who need that one to make the March 28 DXCC Honor Roll deadline. The way the Honor Roll works now, if you don't make that deadline you have to wait an entire year to join officially.

QSL HELP NEEDED: FR7ZL/T (1977) by K0WXX/4; J20/Z (1982) by DA2ER; and 9X5JB (5/84, op Jan), by JH9GAT. Also CT3BQ (11/83), and TL8MM ((2/84) by W3KYN.

WE GOT a letter from a reader in Japan, who sent \$145 for IRCs to a source in Maryland back in December, and has had no word. That source is not a TDXB subscriber but we honored his request to "advertise" his IRCs. Has anyone else had a problem? If so, please let us know promptly.

CHINA NEWS: Here's a letter from Feng Kuo Chang, formerly C1CF, to K7LAY, which appeared in Totem Tabloid: ... "Now, I have much time in Hangchow and I meet a old ham here who I have talk with him. He has very interest to know and like to set up own rig in home can operate any time...but not for a old hams whom before all have a amateur license. HI!

"...In 1940 (with 50 watts of AM phone, a dipole, and an HQ129X receiver) I contacted W1, 2, 4, 6, 7, 8, VE, South America and Africa, VK, ZL, Europe, and some island stations in Pacific Ocean. And now the time is gone; if the government open widely for the amateur permits, then mostly old hams will be much like to make own TX on air..."

CORRECTION: Last week we quoted the W5YI Report regarding someone near Houston who was fined by the FCC for running illegal power. The callsign of the violator is WD8LEU (not WB5LEU as reported). This time our information is straight from FCC documents.

From that FCC public notice, Mar 4: "In response to complaints from amateur radio operators and others, the FCC's monitoring network has been investigating a group of amateur radio operators violating the Commission's amateur rules. These operators are normally operating on the frequency 3895 kHz and have been identified by long-range direction finding techniques, to be in the vicinity of (22 cities), which are targeted for concentrated enforcement by the Commission's Field Operations Bureau (emphasis added)."

"The most flagrant violations noted have been use of excessive power. Other violations include use of fraudulent 'amateur-like' call signs; commercial or business type communications; use of unauthorized frequencies; and malicious interference to other amateur operators and home electronic entertainment equipment."

The 22 cities are all in the midwest, from West Virginia to Iowa to Georgia. Persons having information relating to violative amateur operators on 3895 may file specific information with the FCC by writing to: Engineer in Charge, FCC, PO Box 1588, Grand Island NE 68801.

HAMVENTION Apr 26-28, Dayton
VATICAN Rumored by Italians in June

(March 17, 1980): FR7AI/T was working list operations, PPOMAG was anticipated on CW only from Trindade, 3B8CF was operating 3B7CF from St. Brandon. Five Germans were on their way to Glorioso, to be followed by Mayotte. SMOAGD phoned from Sweden to say he would be traveling in Africa until May, 1980, hoping to operate from about a dozen countries. As always, we were pleading for more reports from the West Coast.

VKORM was on the air, sort of, planning about three hours of operation a day, lists on 20 Meters. A number of the usual Caribbean contest expeditions were winding down, including W2BBK/PJ7, K2FJ/PJ5, and VP2VGB. VK3OT was on from Christmas as VK9XT, and several Greeks were aiming for a mid-April Mt. Athos operation.

LEARN THE SECRETS!!

- "Spills the beans about operating"—DX Bulletin
- "A timeless work"—DX Bulletin
- "A first-class treatise"—Ham Radio
- "A solid gold treasure trove—a smash hit"—73
- "Sure to increase competition for DX"—QST
- "Simply the best book of its type ever written. Worth every penny!"—Westlink Report

A complete course for the DX'er,—beginner to Honor Roll. 192 pages of solid DX—no charts, graphs or other fillers. Available now at dealer for \$10.95 or add \$2.00 postage and handling.
